Superintendent's Report...

We began our New Teacher Orientation Program on Monday, August 15th. We welcomed 24 new teachers and leave replacements into the district. The program provides continuous professional development and support to our new teachers throughout the school year.

I would like to recognize the outstanding work of all our support staff, custodians, maintenance staff and building level administrators in getting our schools ready for the opening of school. Ensuring the health and safety of our students and staff is extremely important to us and I am greatly appreciative to everyone who has contributed to creating a safe environment for our school community.
