

Project Graduation 2022

WHAT IS PROJECT GRADUATION? It's a part of a nationwide effort to provide graduating seniors with an alcohol-free and drug-free celebration. This is a PARTY that MK students look forward to and will remember fondly for many years. All MK Seniors who qualify to "walk" in the graduation ceremony are invited to attend a supervised night of food, music, entertainment and a variety of fun activities at a secure location.

WHO PAYS FOR IT? The party is planned, organized and paid for by parents and local businesses through **DONATIONS & FUNDRAISING**. However, there may be a cost to attend if we do not meet fundraising goals. No monetary support is provided by Morris Hills Regional School District.
